

Dianne is a native, born and bred, of Prescott, Arizona. She has been intimately involved in elementary education for 12 years, ever since her first child was two years old. She has an Associate's Degree in Business and a background in Community Theater. But her true passion appeared when she was hired to be a Kindergarten aide in a small Waldorf school in 1997. Since then, she has served on charter school boards, volunteered hundreds of hours in support of charter education in Prescott, and finally found her home at Skyview School in July of 2006. Both her children attend Skyview School: her daughter in the Intermediate 3-4 and her son in the Middle School.
