

Jan Alexander – Speech Language Pathologist

Originally from the Bluegrass state of Kentucky, Jan moved to Arizona after graduating from Murray State University. Her first school experience was inner city Phoenix where she worked with a diverse group of students from many cultures. For her next adventure, Jan traveled to Indian country! She worked for thirteen years with Navajo students in Monument Valley where she enjoyed learning about the Navajo and Hopi cultures as well as the Navajo language. It was during this time that Jan earned her master's degree in speech language pathology from Northern Arizona University. In 1991 Jan moved to Prescott with her two children, Jed and Kelly. She most recently has been working privately, doing in-home as well as clinic treatment of children needing speech and feeding therapy. Jan's favorite activities include hiking, kayaking, golfing and she also plays folk and Celtic music professionally!
