

Kindergarten Readiness Checklist

Thank you for taking the time to fill out the following survey. Kindergarten readiness is essential for a successful entry into a school environment. With this information we can anticipate and plan to meet each child where they are developmentally at the start of our year.

Please observe and evaluate your child's abilities in each of the following skills and/or behaviors. On the back, feel free to add any further comments or notes on your child's specific needs/strengths, or any other information you feel would be helpful for us to better know your child/family.

Needs Support: At this time the child needs full support in the skill/behavior.

Developing Independence: The child needs partial support in the skill/behavior.

Mastery: The child can independently complete the task/skill at hand with little or no support.

Skill/Behavior	Needs Support	Developing Independence	Mastery
Curious and receptive to learning new things
